INAUGURAL POEM. BY KARRY TIREDO

And from the grant of and from the low time.

Firming 1 is visiting that

As ever it is proposed a fring eyes.

Gleans of that one of world.

The lies about us, resulting shared shapes.

With starry wines unfailed.

Paleod for a memor four such any capus.

As power the golden form.

Of the existing characteristics.

Would image would in the enclasived shape.

And do not not were and dead. Would im to wont in the inclinated stones, A mid the origin of were ind doubt. In which the arm of cory d awa its breath, We have indicated by the specific and or magic cup. The spell hath wrought.

Within tole charmed from we open the gates Of that it wheat Fairy land, Where, under british can also we also.

Move the bright creatures of the regim of slongi-Shut for one hap-y avening from the flood That roam around us, have you may behald-

And yet have nover donned this martal clay Shall sometimes sproud before you like the late Where four Miranda's smile Mot the sweet stranger when the fether's art Had led into her heart. Which, like a bad that waited for the light.

Gues by ! And the pent facilogs snoke in one long sigh, Reproach like things of life the majent skies, And commune with the storm? Lot pext a tim and slient chamber where

He pairs a on the very brink of fact. To foy as with the shadow of an net and after those wise saws that car so they Into the core of life!

Nor shall be wanting many a week.
Where forms of more facultar miss,
owing through lowller pathways, shall present.
The world of every day. And Guilt looks imposent. But all at last shall windlesse the right,

Resolved, That a copy of these proceedings be forwarded to the families of each of the
